SAMEH SHEHATA ABDELAZIZ SHEHATA

has successfully completed the online, non-credit Professional Certificate

Google Advanced Data Analytics

Those who earn the Google Advanced Data Analytics Certificate have completed seven courses that include hands-on, practice-based assessments and are designed to prepare them for advanced roles in data analytics and entry-level roles in data science. They are competent in exploring large datasets, applying data analysis techniques, and building models to extract insights. They are also competent in machine learning, predictive modeling, and statistics.

Google Cloud Data Analytics Certificate

Issued by [Google Cloud](#)

This certificate program prepares learners for cloud data analyst, cloud data technician, and cloud operations analyst roles. It covers foundational data analytics skills including basic SQL, data cleaning, analysis, visualization, and business intelligence. Cloud data analysts leverage cloud computing to prepare, process, and analyze data for key business decisions. Upon completion, learners will be able to share findings effectively with stakeholders and provide data-driven recommendations.

SAMEH SHEHATA ABDELAZIZ SHEHATA

has successfully completed the online, non-credit Professional
Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.
